

# STRATA REPRO PELLET

WITH EPA/DHA OMEGA-3s

## The Pregnancy Nutrient— Now in a Convenient Pellet

### Turn More Breedings into More Kids and Lambs

Genetic progress in sheep & goats depends on oocyte quality, embryo resilience, and consistent breeding outcomes. Strata Repro Pellet delivers the proven benefits of EPA/DHA omega-3 fatty acids in a palatable consistent form supporting improved pregnancy rates, IVF and embryo transfer programs, and advanced AI protocols.

### Benefits of Feeding Strata Repro Pellet

Improves embryo quality and early pregnancy success

Supports semen quality and reproductive performance in rams and bucks

Resolves inflammation for better health

Pelleted form improves intake consistency and reduces sorting

Enhanced palatability with flavoring for sheep and goats

### Feeding Recommendations

Feed 0.2 lb per 100 lb body weight daily.  
Begin 60–90 days prior to breeding, superovulation, oocyte, or semen collection.  
Continue through breeding or collection period.

### Specifications

#### Guaranteed Analysis

Crude Protein (min)	14%
